

Equotec Adult Summer Camp 2018

Information

Arrival

Unload horse into stall or paddock. Unpack your tack; we will have an area with a saddle rack for each horse. Unload your hay and feed in the hay barn (we will have a set aside spot).

Please Bring:

Hay/Grain as needed

1-2 Water buckets

1 Feed tub

***Please prepare your horses grain meals ahead of time and label so Ashley can feed everyone at the same time Saturday and Sunday morning.

Include brief, written instructions for hay and grain.

Tack/Boots/Brushes/Flyspray/Etc

Your contribution to Friday night meal

Bag lunch/plenty of water for Saturday and Sunday

We will have someone setting up the potluck food/table as everyone is arriving.

Once your horse is settled and your trailer is parked you can start tacking up and getting ready to ride. Ginger will be available from 6-7 to help with your questions regarding group riding.

Dinner will be floating before and after the ride.

Saturday

Dressage tests will run in the morning. The jump field will be open for warm-up. Be ready to ride your test at your ride time. After you ride your test, the rest of your time can be used for questions and improvements. For the afternoon, the arena will be available for warm-up and the poles/jumping lessons will be in the field.

Sunday

Obstacle course maps will be available Saturday. We will have practice in groups and then everyone will get an individual turn over the course to mimic a competition.

Trailer Parking

We are parking trailers in the field below our farm. We will have someone directing you where to park for easiest entry and exit.

Departure

After morning obstacles, lunch and our return from our trail ride, we will take time to cool out the horses and pack up. Then we will take turns pulling 2-3 trailers up to the barn at a time so we can load everyone and allow for exiting without a traffic jam. Please be patient with departures so everyone can leave in a smooth fashion.

Schedule

Friday

5:00-6:00	Arrive; Drop off Horse/Tack; Park Trailer; Grab a bite
5:30-7:00	Floating Group Ride in the arena; Ginger will be available for help and questions
